THE TRCS DEVELOPMENT COMMITTEE MEETING

Thursday, February 4th at 6:00

Some of the things in the works are:

- Reviewing Two River’s charter and seeing what needs to be updated.
- Sharing with the school community the ideas about siting and facilities that came from last year’s design charrette and the building design class that Chad Everheart lead this past summer.
- Developing scenarios for possible school futures based on different levels of school enrollment, grade configurations, and associated funding levels.
- Continuing work on a new school strategic/business plan.
- Flesh out options for addressing immediate needs such as replacing the undersized classrooms and having space for larger-group activities and gatherings. (This would be in conjunction with building and grounds committee.)
- Creating organizational capacity for more systematic, on-going outreach and fund-raising.

The Development Committee is always looking for interested community members to join in with plans for the future at Two Rivers Community School. Join us, won’t you?
